DEADLINE: FOR ISSUE 6: MARCH 31st

## EDITORIAL/BEGATHON

I'd like to take this opportunity to thank everyone who has helped with the Zine Register so far. Since I announced that I had taken over the zine, my mailbox has been stuffed full of zines, entries and much friendly advice.

It would take too long to mention everyone who has assisted me. (That is one listing I know I couldn't do!) However I would especially like to thank Gary Coughlan, Cathy Ozog, Fred Davis, Mark Berch, Rod Walker, John Caruso, Kathy Byrne, Melinda Holley, Mark Coldiron and Conrad von Metzke.

However there are still...

### MORE WAYS TO HELP

INFORMATION     Alas, errors creep unbidden into any listing. If I have inadvertently typed the wrong information then please let me know as soon as possible. I'm only human but, at least, I can try not to make the same mistake twice.

SUGGESTIONS     I'm always keen to receive suggestions and constructive criticism. I listened to John Caruso and Melinda Holley and as a result I ditched the old ZR policy of "mandatory inclusion". Write to me and I'll listen to you.

ENTRIES     Don't forget to send me your new entry by March 31st!

TRADES     I would especially urge you to start up an all-for-all trade with the Zine Register. Although it may seem strange trading with a four-monthly zine, it is worth your while since all trades will go to the Zine Bank, eventually finding their way into the hands of novices. Also the more zines I receive, the more informed I will be about the American hobby. The more I know, the more comprehensive the listings will be.

SHIPMENTS     If you want to get more out of the Zine Bank, why not send me a batch of back issues and over-prints? I've already received bulk shipments of Diplomacy Digest, Bushwacker, and Costaguana, but I will need more.

PLUGS     Don't forget to tell everyone that the ZR is back on the road and eager to accept subscriptions.

xx

NEXT ISSUE     Hopefully next time the ZR should be bigger and more comprehensive as more people send in entries and trades. I also hope to start a small, regular listing of PBEM "electronic mail" zines

## HOW TO READ THE ZINE REGISTER

A typical entry is laid out below:

THE ZINE'S NAME: The editor(s) name(s)  
Where the editor(s) live

the cost of the zine, the format, the method of printing,  
the page count (approximately - these things can vary!)  
the frequency (ditto above), the number of the latest issue  
and when it was published, the circulation of the zine.

A list of postal games already being played in the zine.

A list of "open" games which require more players.

A description of the zine. These will invariably be written by the editor and will bear the editor's initials. Others (mostly in the British section) will be written by me and will finish with my initials: SCB.

ZRHELLO!!!

If you're interested in subscribing to a few zines, don't just send \$5 straight away. First be certain that the zine is still being published and will accept new subscribers. Most editors will be happy to send you a sample copy of their zine in return for a couple of stamps. (Lord knows we editors always need stamps!)

Alternatively you could also send \$2 and a large (preferably 'business' size) envelope to receive a selection of zines from the new American Zine Bank. This is a new hobby service run by me (Simon Billenness, 61A Park Avenue, Albany, NY 12202). I don't have spare copies of every zine but I'll do my best.

Enough. On with the listings...

Bread and Circuses presents "S.P.Q.R.", a new game created by Michael Mills. "Senatus Populusque Romanus" is the banner under which your Imperial Legions march as you compete for power in the year 191AD. Conspiracy and diplomacy are the rule; at your disposal are legions, fleets, and barbarians, gold and silver, Senate votes even written treaties to hold your allies to their promises. Feed your provinces, conquer your neighbors, control the Senate, and have yourself named Roman Emperor.... "S.P.Q.R." takes Diplomacy into a vast new realm of competition! CA.

When an editor describes me (of all people!) as having "good looks, charm and a cute body", you just know that they're loopy enough to produce a fine zine. CR is one of the world's top international zines with players from all over North America and Britain. It is renown for its friendly approach and chatty (albeit rather ungrammatical) writing style. SCB

CHEESECAKE: Andy Lischett \*\*\*\*\*

\$2.20/10 issues, digest, photocopy, 20 pages, 3 weekly,  
#179 (November), circ. 42

Runs: Diplomacy(7)

Openings: Diplomacy, Cline 9 Man Diplomacy

Costaguana was established in April 1965, and is considered one of the "classic" journals. It emphasizes a few games, lots of room for press, and all manner of "filler" material (only rarely related to Diplomacy). One subject is taboo: Hobby feuds, otherwise within the limits of the libel laws, anything is fair. Costaguana once had a circulation near 200, but since 1983 has favored a small, friendly list. CvM

DIPLOMACY DIGEST: Mark Berch \*\*\*\*\*  
492 Naylor Place, Alexandria, VA 22304

\$4.50/10 issues (Europe 2/5 issues), digest, photocopy, 12 pages

Runs: Diplomacy(3) plus subzine games  
Openings: None, except maybe in the subzines

EE's purpose is to act as a bridge bringing together the North American and European hobbies. The zine features articles, a letter column in which actual Canadian, American and European views (straight from the horse's mouth so to speak) are expressed. All games are run with maps so subbers can easily follow them. The zine is currently running a day-to-day chronology of World War One, upon which our game Diplomacy was based. Were you ever in Iceland? Write and tell me about your experiences there and win free EEs or, if you prefer, issues of another zine. CG

Excelsior was to be produced for the benefit of its editor, however, said editor has recently discovered that said benefits are not monetary. Unfortunately an uncanny quirk of fate put XL high on the '85 Runestone Poll list, with 41 of 42 votes 6 or higher. Said editor is now attempting to convince the mugwump who voted XL a "2" to reveal himself, so that others may follow his example. BM

NFA is particularly noted for its humour and lively letter column. Steve is one of the postal hobby's most talented writers and produces a zine which often has me laughing out loud. Steve has bravely come out the closet and said he's gay so this is not a zine for bigoted fundamentalists. SCB

Captains Log, Stardate Nov. 14th, 2085: adrift in deep space out past universe 9. Scotty has been swearing and cussing a blue streak because the engines have not been cranking out the way the label on them claims they should. His theory? Somewhere between conception and execution the builders left out the motivational generator. Personally I think Scotty just needs to kick some ass down there in engineering. Because we've got some pretty wild and crazy missions yet to accomplish. Till then it's a dull ride. PG

QUINIPIQUE: Claude Gautron \*\*\*\*\*

Quinipique est un des deux seuls zines francophones de Diplomatie en Amérique du Nord. Une liste d'attente demeure toujours ouverte pour les joueurs, qu'ils soient Nord-Américains ou Européens, qui voudraient participer à une partie de Diplomatie classique en français. Si vous aimez jouer dans une partie où le Maître-de-Jeu (MJ) fait très peu d'erreurs d'arbitrage (ahem), Quinipique est pour vous! Les joueurs de remplacement sont toujours les bienvenus! Essayez quelque chose d'exotique (et de rare), abonnez-vous à un zine canadien-français (qui est publié au Manitoba)! CG

Politesse, the monthly publication of the Washington Area Retinue of (Tacitly) Highly-Organised Gamesters, is of, by and for the mid-Atlantic local gaming community - most particularly in the Baltimore/Washington area. The core of Politesse is the Havagame (which announces upcoming gaming meets) and Hadagame (which reports on...well, you catch my drift) sections, but it contains plenty of other diversions, including the postal (although mostly local) Dip games, guest GMed by Jeff Close in his section, the Diplomat-Times, the latest intrigues in the WARTHOG bureaucracy, reports on services and goings on in the postal hobby, reports on preparations for Dipcon/Marycon '86 in Fredricksberg, Virginia and chat by yours truly and Ed Wrobel. Praxis features "The Party Line" (an extensive letter column), "Solidarity" (the editor's embarrassing personal relations) and, most importantly "Demystification" a showcase for half-formed ideas about the strategy, tactics and psychology of Diplomacy. To its subbers Praxis is like a half-tipsy bore at a party: not the greatest thing to spend your time on, but better than talking to your ex-wife's new husband. AS

This is a pleasant (no feuds, only good hobby news), cheap (fairly low gamefee; if you get 2nd choice on your country preference list you get \$1 back; 3rd choice, \$2 back; etc), and very small zine. TACT's best and biggest feature lately has been the players' press in the gunboat game. Black press is okay. The right to edit for libel, obscenity, good taste, etc is reserved but so far nothing has been cut. Each game gets a map each issue. The first 10 people to volunteer to standby receive free subs! The Armchair Diplomat is the home of Play-by-Electronic-Mail Diplomacy on the CompuServe Information Service Network. Games are played via electronic mail and public message service on the CompuServe network. Game turns are usually every two weeks and the average game lasts about six months. Correspondence between players is transmitted instantly (no more waiting on the mailman) and is absolutely confidential. Orders are transmitted directly to the GM and are posted in The Armchair Diplomat within 72 hours of the adjudication. Many players feel, as I do, that PBEM is the ideal way to play Dip. Inquiries to the editor are welcome! KH

Openings: Third Reich, En Garde, Source of the Nile

With several games running as well as articles and letters on the subject, it can be said, without doubt, that no zine devotes as much attention to Third Reich as TBB. It's En Garde house rules expand on that fine game and have served as a model for other zines. Although TBB isn't really a part of the Diplomacy crowd it stays in touch and boasts a loyal following of its own. SCB

The Diplomat is a very punctual game orientated magazine. We're on 3 week deadlines and we mail each issue within 24 hours of the deadline. TD has had 49 issues since its start in November 1982. All Diplomacy games are computer adjudicated and include game maps. TD was placed 9th in the 1984 Runestone Poll and I placed 10th in the GM poll. It features a very few articles, some contests and cartoons, but is not for those who want reading material. DK

THE DRAGON'S LAIR: Stephen Wilcox \*\*\*\*\*

50¢/issue, letter size, xerox, 12 pages, quarterly,  
#5 (Fall '85)

The Dragon's Lair houses the DragonsTooth Rating System, the standby rating system, and a system combining the two: a total of over 700 listings. Also, in each issue appears a chart showing the number of wins, draws, survivals, and eliminations by country showing their relative strengths, and a list of the top five players for each country. A letter column appears in most issues discussing anything related to rating systems in general. A useful tool in sizing up your opponents. SW

229 Newark Avenue, Jersey City, NJ 07302

\$15 per season, open page, xerox, 2 pages, weekly during football league system, Vol II #10 (November), circ. 8

The Gonzo Report is one of two zines currently running Gonzo Football League. The other is the Esse Fantasy Football Bulletin published by Ed Wrobel. The GFL, an invention of Jake Halverstadt, allows players to own and manage a professional football franchise. Each player drafts a team of NFL players, makes trades, signs and waives players and sets a weekly lineup. Weekly game results are based on the actual performance of NFL players. This year's champion will receive a prize of \$50, while the runner-up collects \$25. Last year the GFL had six teams, and this year 16 between the two sections. The GFL will continue next year, but the status of the Gonzo Report remains questionable. Players interested in playing in the Gonzo Baseball League should contact Chuff Afflerbach, 5632 Oakgrove Avenue, Oakland, CA 94618. KGS

TRE is a rather new zine, and is definitely a players' zine. It has many features which help the player, such as the names and addresses of players in every issue and maps for all games. TRE has a variety of games to follow, including both regular Dip and variants. It has other interesting aspects, such as colored pages, a guaranteed article every issue, a subzine, and a running Trivial Pursuit contest. TRE is read by many publishers so it is a good place to plug hobby projects (and I always do so). Samples are free so check it out! JE

All members must play in at least one game. Touche will shortly be entering its eighth year and it features many diverse games. Xeno is one of the hobby's oldest publications, founded nearly 20 years ago. Recent issues have been as massive as 100 pages long! From now on, however, the zine should be smaller and less frequent now that Larry has taken on the great burden of editing Diplomacy World. Nevertheless 1986 represents the zine's 20th birthday so expect something unusual to appear. For up to date information on Xeno write direct to Larry enclosing a courtesy \$12 sub to Diplomacy World. YC was started in 1972 as a Diplomacy zine but since then it has expanded to include other games. It's reliable, neatly produced and probably a good place in which to play your first game of Diplomacy. SCB

## SUBZ INES

Subzines are very much a part of the North American postal Diplomacy hobby. I don't intend to attempt a comprehensive listing of them in the Zine Register, however any subzine editor is free to send me in an entry for publication. ## HOBBY SERVICES

Worthy of your attention are the many valuable services run by individual hobby members. These are provided by dedicated, enthusiastic and altruistic people and operated on strict loss-making budgets. All you asked to do is to use and enjoy them.

Masters of Deceit: Steve Arnawoodian \*\*\*\*\*  
602 Hemlock Circle, Lansdale, PA 19446

This costs \$1 and it contains a wide variety of articles of special interest to newcomers to the hobby. Writers include Bob Olsen, Kathy Byrne, Ed Wrobel, Tom Hurst, Tom Swider and many others. An invaluable publication for the novice.

Supernova: Bruce Linsey \*\*\*\*\*

This also costs \$1 and contains a wide variety of articles of special interest to newcomers to the hobby. Writers include Bruce Linsey, Randolph Smyth, Mark Berch, Rod Walker, Fred Davis and many others. Another invaluable publication for the novice.

Diplomacy Introductory Publication: John Caruso \*\*\*\*\*  
29-10 164th Street, Flushing, NY 11358

For a mere SSAE you can receive this 8 page listing of hobby services, conventions and a few zines. It is available free at major gaming conventions.

Black & Blue Book: Larry Peery \*\*\*\*\*  
Box 8416, San Diego, CA 92102

Zine Bank: Simon Billenness \*\*\*\*\*  
61A Park Avenue, Albany, NY 12202

Do you want to see sample copies of zines listed in the Zine Register? If you do then just send a large "business size" envelope and \$2 to cover postage and in return you'll receive as many zines as I can force into the envelope. Send more money and the USPS will let me send you more zines. I don't have copies of every zine you might ask for but I'll do my best.

DIP ZIP: Tom Hurst \*\*\*\*\*  
2686 Richardson Drive, Fitchburg, WI 53711

DIP ZIP is a voluntary listing of zines and services. It's published every four months in order to keep the material current. It's not as comprehensive as the ZR (only 28 entries) but since it only costs an SSAE, it's certainly worth checking out.

KNOWN GAME OPENINGS/ZINE DIRECTORY: Robert Sacks \*\*\*\*\*  
4861 Broadway 5-V, New York, NY 10034

For a mere 22¢ you can receive yet another zines listing. The ZD lists 34 publications and is conducted by the New York Game Board as a non-profit project.

Alpha & Omega: Lee Kendter \*\*\*\*\*  
4347 Benner Street, Philadelphia, PA 19135

This is the official publication of the Miller Number Custodian whose job it is to list Diplomacy variant game starts and endings. The zine costs 5¢ per page plus postage and it is published only when there is enough material to warrant it.

US Orphan Service: Jim-Bob Burgess \*\*\*\*\*  
100 Holden Street, Providence, RI 02908

Sometimes a zine which you're playing in will stop publishing without warning. If this happens your game has been orphaned. If you want to continue your game then contact the Orphan Service. They will do their best to find your game a new parent zine and they may help to get your subscription money refunded.

#### EUROPEAN ZINES

Europe probably boasts as many zines as North America. Since Europe, as a whole, seems to be recruiting more efficiently and at a faster rate than in America, Britain and especially the Continent should be regarded as the main growth areas for postal gaming as a whole.

Transatlantic contact, however, is currently much lower than it used to be in the 1960s. This is a shame since many European and North American zines are crying out for international players and subscribers. If you want to subscribe to a zine across the Atlantic then you should contact the...

#### ... INTERNATIONAL SUBSCRIPTION EXCHANGE

Here's how it works. If you're an American and you want to sub to a British zine, then simply send money to Steve Knight in US funds. Make sure you tell him what zine the money is for and whether you want to receive the zine by air or seairmail. Steve will then transfer the money to Doug Rowling in Britain via their joint bank account thus avoiding expensive exchange charges. On receipt, Doug will then send the money to the British editor concerned giving your name and address.

If you're British then simply send a few pounds to Doug Rowling and he'll send it to Steve. If you live in Canada, you should contact Bruce McIntyre.

USA: Steve Knight, 2732 Grand Ave. S. #302, Minneapolis, MN 55408

UK: Doug Rowling, 228 Kinnell Ave, Cardonald, Glasgow G52 3RU

POW is probably the best bet for North Americans who want to play in a British zine. Not only are there plenty of openings for games you can't find in the States, but the deadlines are also long enough apart for you to diplome and send in orders. In addition there is a pleasant, chatty letter column and plenty of news about about the British hobby. SCB

Since, by Pete's own admission, Thing's games service is marked by "sheer whining inefficiency, this is probably not the best British zine to play in. A series of overseas correspondents, including Bob O'Donnell, Bruce Linsey and Ulf Jiretorn of Sweden, write regularly. Strategy articles from Richard Hucknall, Randolph Smyth and myself are included. International games are run externally to independent deadlines to provide the most efficient service. ## CONTINENTAL ZINES

### BELGIUM

BOHEMIAN RHAPSODY: Malcolm Smith \*\*\*\*\*  
Bus 26, Astridplein 31-32, Antwerpen 2018

40p/\$2/issue, digest, litho, 16 pages, 6 weekly ?,  
Volume II, #7 (October)

Runs: Dragon Pass, Acquire, Railway Rivals  
Openings: Diplomacy

BR is a true international zine. The first volume was published in Britain. The second volume is being edited from Belgium until Malcolm moves to...Norway! Only a complete nutcase like Malcolm could do this... Americans may find BR interesting. It is certainly unique. SCB

### THE NETHERLANDS

OXYMORON: Jaap Jacobs \*\*\*\*\*  
En Aglaia Cornelisse, Kaiserstraat 10-B, 2311 GR Leiden

1.60f + postage, digest, photocopy, 48 pages, 4 weekly,  
#49 (October), circ. 108

Runs: Cricketboss, United, Diplomacy(11), Anonymous, Stab IV,  
Abstraction(2), Downfall, Sopwith(2), New Eleusis(2),  
White Box, Sum Up

Openings: Diplomacy, Fleet Rome, 34 35 36, Stab, Scramble  
For Africa, Vain Rats, Abstraction II, Downfall V,  
Republic, Diadochi V, United, Experimental United,  
Cricketboss, Agribusiness, New Eleusis, White Box  
(Phew!)

Oxymoron is the founder and flagship of the current, dynamic young Dutch hobby. Quite how Jaap and Aglaia manage to produce such a large zine on a regular basis is certainly beyond me! In addition Jaap is now interested in running a continental Zine Poll along the lines of the British and American versions. Jaap speaks and writes English fluently which allows non-Dutch speaking subscribers the opportunity to read about the hobby (and indeed the world in general) from a distinctly Dutch viewpoint. SCB

CONFLICTGAZET: A.D.F. Duurvoort \*\*\*\*\*  
Zandkreek 46, 3079 AT Rotterdam

30 NLG/per year, digest, offset, 16-40 pages, monthly ?,  
#93 (November), circ. 200

Conflictgazet runs no games. Instead it gives all the news about the Dutch Conflict Simulations Games Society. The latest issue contains news of the society's meetings and a Beneluxcon. There are also a couple of game reviews. Unlike Oxymoron, this zine is entirely in Dutch. SCB

Before any wise guy tells me, yes, I know I put those zines in the wrong order...

## WEST GERMANY

OATH ON THE COLOURS: Ulrich Blenneman \*\*\*\*\*  
Rosental 76, 4320 Hattingen

1.20 DM + postage, open page, photocopy, 15 pages, 5 weekly,  
#13 (November), circ. 30

Runs: Diplomacy, Intimate(3), U-Boat Diplomacy, United,  
Der Fuhrer

Openings: Diplomacy, U-Boat Diplomacy, Speed Circuit, United,  
Decathlon, Grand Slam

Oath On The Colours is the small, friendly zine from the industrial heart of West Germany. International subbers are always welcome; international games will use the English language. If you want to become the ruler of Europe 80 years ago, win the majority in the Reichstag of the Weimar Republic 50 years ago, score more goals than Pele, beat "wunderkind" Boris Becker, Daley Thompson or Alain Prost, it is yours in Oath On The Colours. OOTC means quality since 1984! UB

SAURIS ALLSTAR UNLIMITED/GENESIS: Christoph Schunk \*\*\*\*\*  
Zeughausstrasse 8, 5500 Trier

4.40 DM, digest, offset, 44 pages, 5 weekly,  
#44 (November), circ. 120

Runs: United, Diplomacy(3), International Dip(6), Ancient  
Empires III, Woolworth, Capitalist(2), Imperial  
Governor, After the Holocaust

Openings: Diplomacy, International Diplomacy, Hare & Tortoise

Sauris is one of the world's top international zines with over 25 foreign readers and a franchise for Bahnhof Zoo. Soon, however, the International games will be run separately from the zine proper. From time to time we have an English letter column. CS & SCB

...and so ends my first edition of the new Zine Register. I've certainly enjoyed editing a zine listing again, and especially an American one. It's fascinating to see the differences between the European and American hobbies. In fact I feel like writing a long article about it all, when I've finished the 1001 things I meant to do this month. (Hmm, that reminds me. Must clear the snow from the path outside tonight.)

Please let me know what you think of the latest Zine Register. I'd be particularly interested to know if any editors receive any new subscribers because of the ZR. I'm also keen to know how useful the zine has been to novices. All feedback is greatly appreciated, so don't hesitate to write. See you in April!
